SEASON
2023-24

TiE-U (formerly known as TiE University) is an initiative by TiE Global that's all about igniting the entrepreneurial spirit in university students, guiding them from ideation to investment, and turning their campus ideas into thriving businesses!

Our program is designed to provide university startup teams with invaluable learning resources, mentorship from seasoned entrepreneurs, and exciting opportunities to participate in Global Mentoring Sessions, Startup Bootcamps, and Pitch Competitions. These interactions and experiences are the catalysts that help transform their startup dream into a tangible, successful business venture.

TiE Germany the only chapter in Continental Europe, invites you to participate in this global event. We (TiE Germany) have been in the finals, last two seasons. We love to bring the learning and experience to help you become successful in your startup journey.
